Catalog Description

Server-side and client-side techniques for Web development.

Student Learning Outcomes

Generally, students completing this course will be able to:

1. Create and use client-side and server-side scripts to design and implement dynamic websites.

**In our efforts to prepare students for a changing world, students may be expected to utilize computer technology while enrolled in classes, certificate, and/or degree programs within LSCS.

Getting Ready

Required Material:

To complete the course assignments you will need:

- Access to a personal computer with a current, updated operating system.
- Chrome or Firefox web browser must be installed to complete course assignments.
- Access to Codio.com: [registration link](#).

Optional Material: None

Assignments

Assignments are due according to the schedule posted in D2L / Codio. Students are responsible for meeting assignment due dates.

Instructor Guidelines and Policies

Communication

We will use [Slack.com](https://slack.com) for most student-to-professor and student-to-student communication. Slack is an on-line communication tool that allows team members or students in a class to stay in contact with each other.

With Slack, you can hold a direct conversation with your instructor, share an idea with one of your classmates, or enter into a discussion with a group of your classmates.

I will email you an invitation to our Slack class site, during the first week of class. This will include everything you will need to know in order to join and participate in our Slack class.

Emailing Your Instructor

Slack is always your best choice in communicating with me, but there may be instances where you need to email me, e.g., you are unable to login to Slack. In these instances, be sure to include your name, course name, and course number in the email. If you do not fully identify yourself and the course, I will likely not reply. Keep the body of your message brief and to-the-point. Here is an example of a good email:

Professor Caraway:

I am Angela Ford from your ITSE 2302 (Intermediate Web Programming) class. I am having difficulty accessing our Slack class site. Can you please help me?

Angela Ford

Attendance

We do not formally meet during the week so no attendance is taken. I do reserve the right to assign tasks that may require your participation in on-line Slack discussion channels. It is your responsibility to keep up with the material and to check in for updates, assignment due dates, and potential schedule changes.

Should you anticipate that you will not be able to log on and participate in class for an extended period (72 hours), please notify me in advance. Not logging in to the on-line class at a regular interval will significantly impact your chance for success. **I will withdraw a student if they are not active in the course and do not respond to my Slack or email correspondence during a 7 day period.**

Late Work

Work is to be submitted by the Due Date. **Late work may be declined or subject to penalty.**

Official Day of Record

Students that have not attended an in-class meeting or participated in an online class prior to the official day of record will be dropped from the course without exception. You must **log into our class** and **post to the #introductions Slack channel by to the Official Day of Record (ODR)**. Otherwise, you will be administratively withdrawn from the class, no exceptions. Official Day of Record is:

- October 26, 2020

Please make every effort to login and post to the Slack #introductions channel ASAP - don't delay.

Withdrawal Policy

Withdrawal from the course after the official day of record and prior to "W" Day, November 24, 2020 will result in a final grade of "W" on your transcript. Instructor approval is necessary if you want to withdraw after official day. No credit will be awarded for a course earning a "W." If you stop attending class, you must withdraw at the registration office prior to "W" day.

*If you stop attending class and do not officially withdraw, you **will receive an "F"** for the course.*

Incompletes

An 'I' or Incomplete will be considered only in extreme cases of illness or emergency. An Incomplete will only be considered for those students who have completed at least 75% of the course material and have a passing average (70 or better) for those assignments that they have completed. Granting an Incomplete is fully at the discretion of your instructor.

A student who receives an "I" does not re-register for the course and must complete the course no later than the set due date not to exceed the end of the following fall or spring semester. The instructor must submit a signed "I" contract to the appropriate division; students will receive a copy of the contract following approval by the Dean or designee.

Six Drop Rule

Students who enrolled in Texas public institutions of higher education as first-time college students during the Fall 2007 term or later are subject to section 51.907 of the Texas Education Code, which states that an institution of higher education may not permit a student to drop (withdraw with a grade of “W”) from more than six courses, including courses that a transfer student has previously dropped at other Texas public institutions of higher education that have already been counted against their six drop limit. Each student should fully understand this drop limit before you drop any course. Please see a Counselor or Advisor in our Student Services area for additional information and assistance. This policy does not affect developmental or ESOL students.

Conflict Resolution

If you have an issue with any aspect of the class (grading, policies, instructor behavior, etc.), please discuss the issue with your instructor outside of class time. If you cannot resolve the issue with your instructor, you may contact the department chair to further discuss the matter.

COVID-19

Lone Star College (LSC) is dedicated to the health and safety of all employees and students. Based on federal, state, and local mandates, LSC has established entry, personal protective equipment (PPE), and social distancing guidelines. Individuals will be provided PPE at entry points onto any open LSC property, and everyone is required to wear PPE while at the campus and other LSC properties. Temperature checks and completion of a health survey will also be required for entry.

If you have COVID-19, symptoms of COVID-19, or been exposed to someone who has tested positive, please report your illness or exposure to LSC-ReportVirus@lonestar.edu or call 832-246-0019 immediately. For more information, please visit <https://www.lonestar.edu/lsc-faq>.

Lone Star College-University Park Learning Center is committed to your success!

GradUP

The LSC-University Park community is here to support you and we encourage you to graduate! Many of you come to a community college because it provides an open door and it makes sense financially. What you may not realize is what attaining an associate's or workforce degree can do for you. Below are just some of the reasons why a degree is a positive move for your life and career:

1. You'll be eligible for more jobs.
1. You could have higher earning potential.
1. You can finish in two years or less.
1. You have options for career paths.
1. You can discover what you want from your academic program and career.
1. You can apply for additional scholarships.
1. Many of the colleges in Texas have articulation agreements with community colleges that allow you to receive full credit for the courses you have completed.
1. Your transfer acceptance is higher with an associate's degree.

If you have any questions or need guidance with your academic plan and graduation, please ask for assistance. There are resources, advisors, and additional materials available to you. Because your academic success is important, Lone Star College fosters and commits to a set of cultural beliefs.

Your success is our primary goal!

If you are experiencing challenges achieving your academic goals, please contact your instructor or an advisor. We can provide assistance with academic needs, ADA accommodations, classroom difficulties, financial concerns, and other issues.

Advising

The Advising process is an integral part of your academic success. Academic advisors are available to assist you with a variety of academic services including admissions, testing, advising, registration, referral of campus and community resources, add/drop/withdrawal process, transfer planning and graduation processes. Please visit [Advising](#) for information on hours and location.

Counseling Services

Counseling services are available to students who are experiencing difficulty with academic issues, selection of college major, career planning, or personal issues. Please visit www.lonestar.edu/counseling-services.htm for information on hours and location.

Student Learning Resource Center (SLRC)

While the campus is closed, we are just a click away! The Student Learning Resource Center, also known as the SLRC, consists of the library's digital resources and research assistance, academic coaching, and the assistive technology lab. These free services are available to currently enrolled Lone Star College students to support academic success.

Academic Coaching: Writing, Math, and Science

Academic Coaching includes elements of traditional tutoring but focuses on the goals and the process of teaching students to become more effective learners over the course of their studies. Academic Coaching provides academic support for subjects virtually through an online platform called Upswing. This support comes in the form of live coaches as well as a variety of tools and resources to support your academic success.

Academic Coaching aids with writing assignments and the writing process. Assistance in all levels of math and all areas of science is also provided.

More information, including hours, guidelines, and how to sign up for online tutoring, can be found online at <https://upresearch.lonestar.edu/academiccoaching>. Please contact uptutor@lonestar.edu for more information.

Assistive Technology Lab

The Assistive Technology (AT) Lab provides services for students who have accommodations that have been approved by Disabilities Services. Students should begin the process in the Disability Services Office (<https://lonestar.edu/disability-services.htm>).

Assistive technology is any item, piece of equipment, software program, or product system used to increase, maintain, or improve the functional capabilities of persons with disabilities. Some examples of services include note-takers, reader/scribes, digital recorders, smart pens, and text-to-speech software. More information can be found at www.lonestar.edu/UP-AssistiveTech.htm and you can contact the Assistive Technology Lab staff at upassistivetech@lonestar.edu.

Library: Digital and Research Resources

The University Park library is completely digital. Online collections of credible resources include articles, e-books, videos, and are accessible from anywhere with your **14-digit library barcode, which you can request online** (<https://www.lonestar.edu/library/card.htm#card>). Librarians are available to assist with finding, evaluating, and citing information and can also be contacted by **email** (uplibrary-ref@lonestar.edu), **text** (281.761.6852), or through the “**Chat** with the Librarian” button on the library webpages.

More information, including research and citation guides and a searchable FAQ, can be found online at <https://lonestar.edu/up-library> and <https://upresearch.lonestar.edu>.

As soon as our COVID-19 crisis is behind us, come visit the SLRC physical space on the eighth floor. You will find open computer labs, study spaces, and printers. Normally, students get their student ID here, interact with friendly staff, and check out textbooks from the reserve collection. When we open again, take time to check out the resources and services of your Student Learning Resource Center. We'll see you there!
